Friendly Interest Inspires Students

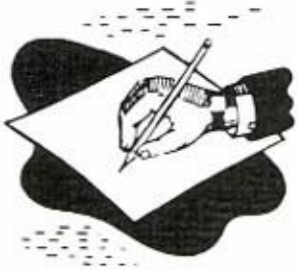

Mr. Alex Clark

After many years as a successful coach in three sports at Tonica, Mr. Clark stepped into the job of coaching only the cross country team. During his four years in this position, his teams finished third, second, and first in the Tri-County Conference. This year marked the first year in which Mr. Clark has not coached a THS team. All his time and energy is now committed to his physical education classes. Through them and the Driver's Education classes which he previously taught, "Coach" has influenced us all. He has shown himself to be not only an outstanding member of the faculty, but also also a respected member of the community. It is with great pride and gratitude that we dedicate the 1971 Mirror to Mr. Alex Clark.

The Supervisors of THS

The 1970-1971 school year brought Mr. John L. McNeil to Tonica as our new principal. Mr. McNeil brought many new thoughts and ideas which have made the year both interesting and exciting. For the first time in the school's history, THS has a superintendent heading the Tonica Community school system. Mr. Warrner has taken on this added responsibility to aid the school in forming a unit district. They work together to coordinate school activities.

MESSAGE FROM THE SUPERINTENDENT

This 1970-1971 school year will probably be considered in the history of American education as the year of "Accountability." Much time and effort is being spent by student groups, parent groups, teacher groups, school board groups, and legislative groups in attempting to improve schools.

I share the belief that the student body of any school is the greatest factor in determining the success of a school. We—you and I, as students make our schools what they are. Buildings, equipment, and curriculum are of little value if students are not eager to learn more than schools have time to teach.

Several months will pass and probably many changes will take place in Tonica's schools before this message appears in print. We must prepare for change, adjust to change, and take advantage of our opportunities. Our schools reflect us more than we reflect our schools. We are our school!

John L. McNeil

MESSAGE FROM THE PRINCIPAL

Wilson Warrner

Tonica High School was established for and dedicated to the educational growth and development of our community. It is our responsibility, yours and mine, to continue to improve upon the ways and means of realizing these aims and goals.

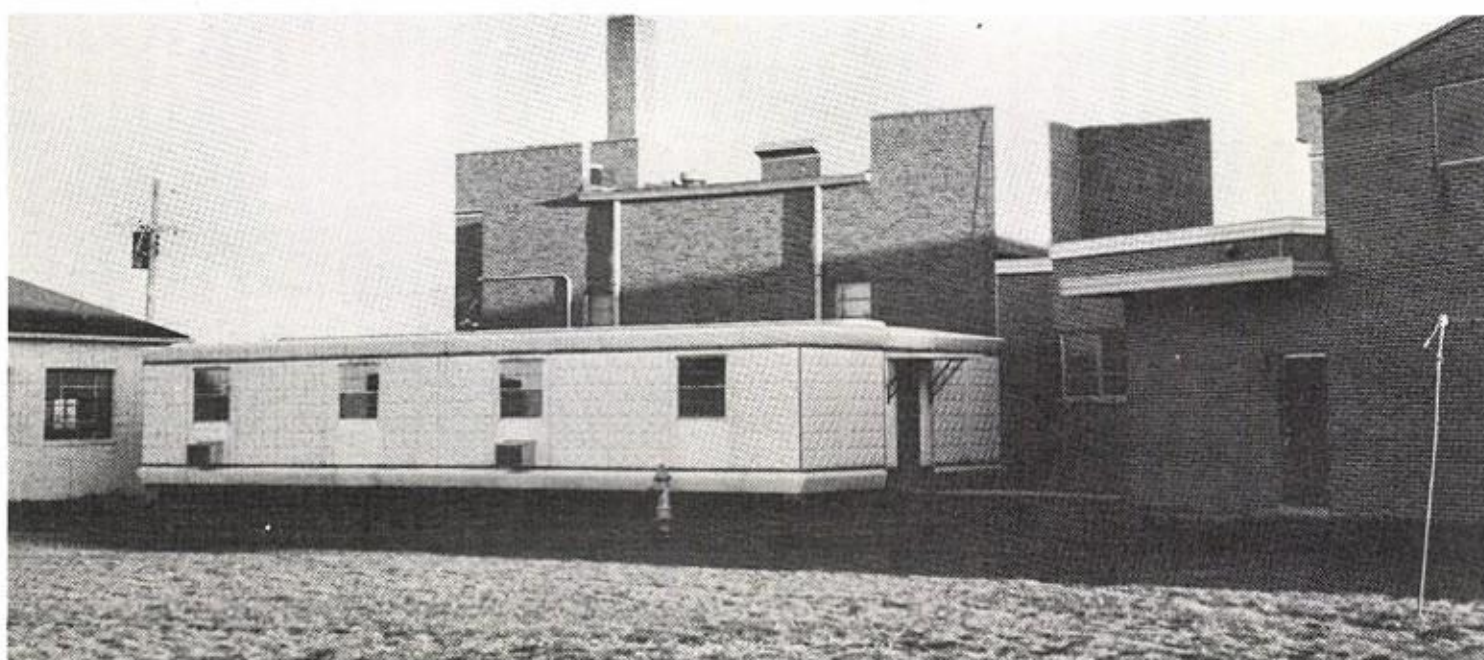

Only through knowledge and understanding can mankind improve upon the situations in which he finds himself. Opportunities to gain knowledge are provided by your high school. Only by taking advantage of the opportunities offered by your high school can you realize the aims and goals set forth in the philosophy of this school: to meet the educational needs of the people of this community and make available opportunities for improving their cultural, civic and economic life.

Wilson Warrner

Serving the Community for Fifty Years

1971 marks the passage of fifty years in the main building of THS. Additions and remodeling, as well as the arrival of eighth grade classes have given the building a new look as it begins a second half-century.

New lights for a new study hall!

Paint for the eighth grade.

A fire-proof boiler!

**Administration
and Faculty**

The Hub of any school Revolves around the Office Staff and Custodians

Mr. McNeil came to Tonica after serving on the staff at I.V.C.C. He works hard to solve our problems.

Mrs. Earles keeps things running smoothly by linking the students to the administration.

Mary and Lefty work hard to keep our school clean and comfortable.

"O No," Loafing!

The seniors are set for a warmup run.

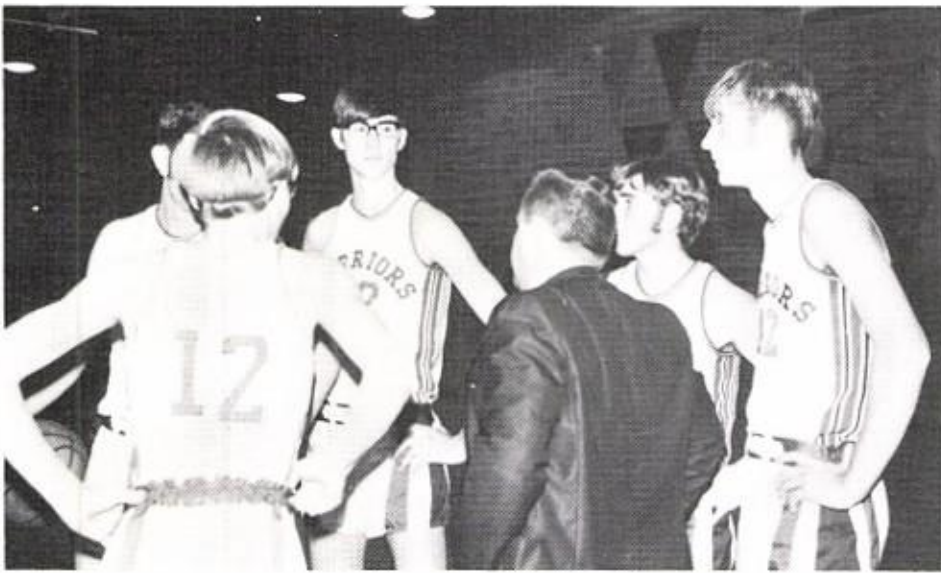

Roger leads Neil and Dick into the final lap.

The 1970 Cross Country team began work during the summer months. Putting forth this extra effort not only paid off in meets, but also gave them a sense of pride. Running the 2.7 miles of a meet would be enough for most people, but these men ran between four and six miles in an average practice. They can be justly proud of their accomplishments.

Standing—Steve Tondi, Neil Walgenbach, Greg Webb, Dan Hartenbower, Duane Ford, and Coach Strell. Kneeling—Gary Walgenbach, Dean Schmitt, Roger Ford, John Hartenbower, and Dick Strack.

Warrior Scenes

Baseball Makes a Hit at THS

Front Row: Manager Ray Goodwin/Steve Tondi/Doug Ploch/Mike Loebach/Terry Trumpinski/Tom Schmitt/Dean Schmitt/Ken Capponi. Absent: Dale Huss. Back Row: Ron Hiltabrand/Jerry Schmitt/Terry Ryan/Dan Puetz/Larry Hiester/Dale Gray/Roger Foote/Dick Hafley/Coach Hall.

Coach Hall meets the officials and Putham County Coach.

All Right! Who's going to pitch?

Ken Capponi, Tom Schmitt, Dean Schmitt, Terri Trumpinski, and Mike Kreiser, Seniors, say fair-well to baseball, but their talent and experience will be with them always.

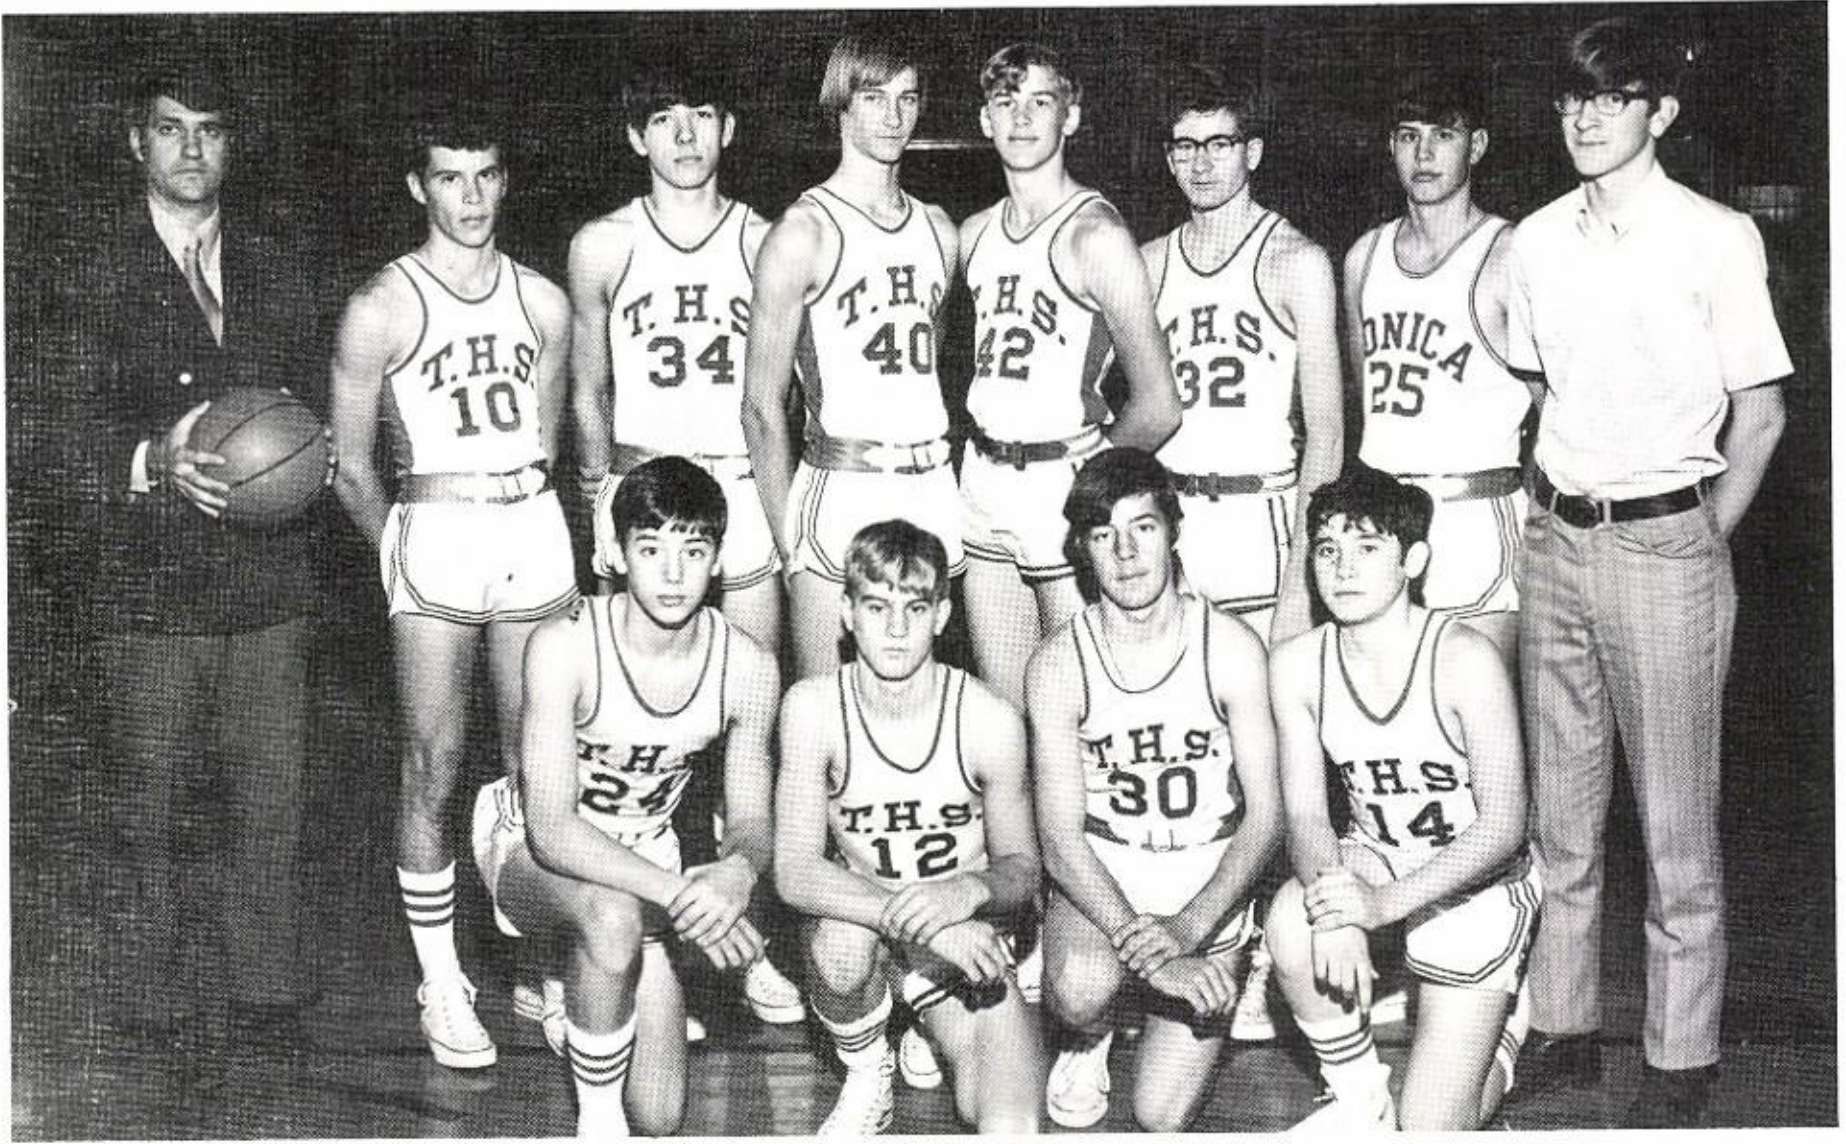

The Warriors on their battlefield.

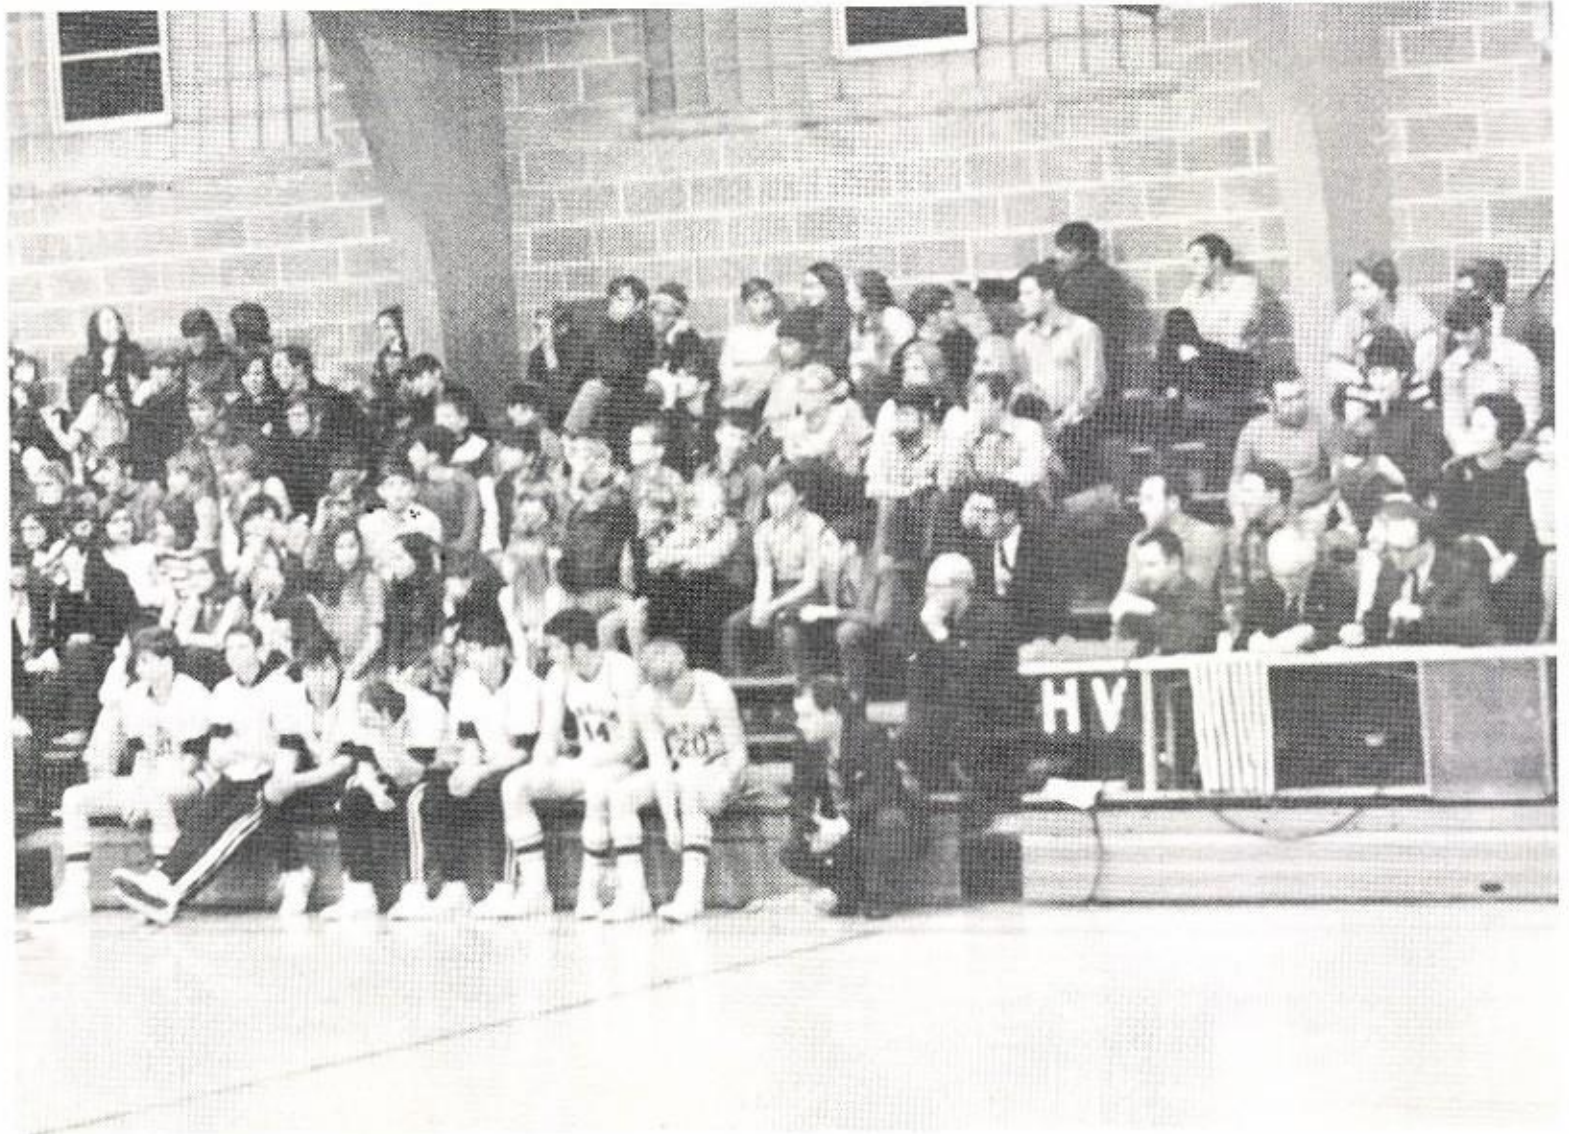

The Last Conference before the game.

CREATIVE WRITING
MISS CAVALETTO—ADVISOR

Typing II
Mr. Myler—Advisor

This was a year of changes. Among them was the way in which the paper staff was organized. The paper staff consisted of the Creative Writing and Typing II classes. The Creative Writing class wrote the articles, and the Typing II class typed the articles, put the paper together, and distributed it. The Creative Writing class also maintained the Warrior Country page in the Teen Trio in the LaSalle Tribune.

but Mighty

The Coronets

This year T.H.S. once more had a full-time band. They had the help of Miss Hahn, the new director. Though fewer in number than some other years they worked hard and sounded mighty for their size. The band had some part-time members who practiced before school with them, since they could not make it during the day. They played at the basketball games and gave a Christmas concert.
